

S1 Glossary

Mathematics

addition	subtraction	constant	acute angle
subtract	difference	right angle	obtuse angle
product	factor	reflex angle	supplementary angle
quotient	fraction	interior angle	exterior angle
proper fraction	improper fraction	concept	dimension
dividend	divisor	height	depth
divide	divisible	bottom	top
multiply	multiple	volume	area
multiplication	square	length	perimeter
triangle	rectangle	measure	positive number
quadrilateral	diagonal	negative number	number line
diameter	circumference	salary	ascending order
radius	measure	descending order	temperature
denominator	numerator	solution	equation
protractor	compass	unknown	variable

History

history	historian
past	event
record	experience
decade	century
period	pre-history
cause	consequence
change	continuity
evidence	source
archaeology	archaeologist
Stone Age	ancient times
medieval times	modern times
progress	culture
civilization	civilized

Geography

scale	features
atlas	sketch
statement scale	representative fraction
linear scale	key
vertical	actual
distance	describe
location	Guangdong province
compass points	cardinal points
whole-circle bearings	angular bearing
reduced bearing	in relation to
equipment	horizontal
grid reference	grid squares
northing	easting
globe	Tropic of Cancer
Tropic of Capricorn	latitude
longitude	North Pole
South Pole	Earth's axis
Arctic Circle	Antarctic Circle

Integrated Science

scientists	pollution	knowledge	fixed
investigation	conserve	prediction	invisible
discover	condense	hypothesis	dilute
invent	purification	making reference	Particle
observe	distillation	conclusion	random
calculate	micro-organism	variables	compress
record	Chlorination	microscope	density
measure	Fluoridation	magnify	cool
limitation	dissolve	energy converter	expand
safety goggles	solvent	fossil fuels	contract
hazard warning labels	solute	Energy source	conduct
laboratory	matter	non-renewable	thermostat
energy crisis	thermometer		

Computer Literacy

Arithmetic and logic unit (ALU)	automatically
bar code	central processing unit (CPU)
Control unit	data
equipment	floppy disk
hardware	information
input	instruction
joystick	keyboard
main memory	monitor
mother board	mouse
output	physical component
printer	process
program	scanner
secondary storage	software
storage	System unit
technology	visual display unit
